March 21, 2020

Dear Residents,

The River Vale Police Department continues to take all necessary precautions to ensure the continuous delivery of emergency police services to the residents of River Vale. Our dedicated Officers continue to serve our residents, safeguarding the Township and responding to calls for service 24/7. We have implemented several internal safeguards to ensure that no essential services will be disrupted. For us to fulfill our mission, we are asking for the assistance of the public by adhering to Governor Murphy's Executive Order. We ask that residents only call the Police Department for true emergencies. Below are excellent resources for information regarding the COVID-19 Pandemic.
