Dear Residents of River Vale,

The River Vale Police Department continues to proudly serve the residents of River Vale through these difficult times.

As this pandemic grows, so do our calls for service. Our resources are being impacted by the increase in emergency medical calls that we are experiencing. We ask that residents help us by only calling the police department for true emergencies.

We have had several incidents where groups of adults and juveniles are gathering in public. Calls for these types of incidents further unnecessarily drain our resources. We ask that all residents continue to adhere to Governor Murphy's Executive Orders and stay at home unless absolutely necessary. If you do need to leave your residence, please practice social distancing.

The Officers of the River Vale Police Department are dedicated to helping and serving the members of our community, even while this pandemic affects their own families and themselves. Thank you for your continued cooperation.

Chief Sean Scheidle
